BUILDING ANALYSIS: Focusing on the core principles of AWARE-LA's theory & practice, the Building Analysis dialogue will focus on developing the language, tools, and practice of radical white identity & community. We encourage everyone in their first three months of Saturday Dialogue attendance to come to this space to get to know us.

WORK, LIFE & ACTIVISM: This dialogue space will be primarily concerned with the HOW of anti-racist daily practice and applying the concepts of radical white identity & community.
